What forms do I complete to make the "Quick Change?"

Direct Deposit Change Request Form

Use this form to transfer your direct deposit from your former bank account to your new First American Bank account. If you have regular direct deposits to your account (such as paychecks) you will want to notify the company or organization that makes those deposits of the recent change to your account. This form makes doing that easy. Just complete, print, sign and submit to the appropriate company or organization.

Automatic Payment Authorization Form

Use this form to transfer your automatic payments from your former bank to your new First American Bank account. If you have regular automatic withdrawals from your accounts, you will want to notify the company or organization that withdraws payments from your account. This form is designed to make that change easy. Just complete, print, sign and submit to the appropriate company or organization.

Account Closing Request

Please allow time for any outstanding checks, final direct deposits and/or automatic withdrawals to post before you close your account.
