Source: National Bureau of Statistics * RC sum may not add to CPI % change due to rounding off

Explanatory Note: Month-on-Month columns provide the percentage change in CPI compared to the previous month. Year-on-Year columns provide the percentage change in CPI compared to the same month in the previous year. Average annual columns provide the percentage change in 12 month average CPI compared to the average CPI in the previous year. Relative contribution is calculated by multiplying percentage change with category weight. Core inflation excludes certain items to provide a picture of underlying trends.
