FAB Balanced Allocation Fund: USD Share Class

A sub-fund of OneShare plc

ISIN: IE00B91VC868

The Fund is managed by Carne Global Fund Managers (Ireland) Limited (the "Manager")

Objectives and Investment Policy

The investment objective of FAB Balanced Allocation Fund (the "Fund") is to provide long term total returns consistent with a moderate level of risk.

The Fund's benchmark for comparison purposes is the BUCITS Composite Index.

The Fund attempts to achieve this investment objective primarily through investment in collective investment schemes which provide exposure principally to equities, debt securities, Money Market Instruments, currencies and/or alternative investments (i.e. commodities, real estate properties and hedge funds).

While there is no geographical or sectoral bias intended, the Fund may have exposures in excess of 30% of the Net Asset Value of the Fund in emerging markets.

A selection process combining both quantitative and qualitative criteria is used to select best-in-class highly liquid financial instruments including but not limited to collective investment schemes and exchange traded funds in each asset class. Asset allocation policy is formulated in the Investment Manager's Investment and Tactical Asset Allocation Committees ('IC', and 'TAA'), composed of investment experts from the Investment Manager both of which meet regularly.

Any investment in debt securities will include government and/or corporate bonds which may have fixed or floating rates of interest and

which need not be of investment grade. Such debt securities may be listed on or dealt in Recognised Exchanges worldwide.

Investors in the Fund should have at least a three-to-five year investment horizon. Consequently, it may not be appropriate for investors who wish to withdraw their money prior to that period.

Any income earned by the Fund will be reinvested to grow the value of your investment.

Shares in the fund can be purchased and redeemed on each day (Monday – Friday) of the week provided that the banks in the UAE and Ireland are open for business.

The Fund is considered to be actively managed in reference to BUCITS Composite Index (the "Benchmark") by virtue of the fact that it uses the Benchmark for performance comparison purposes. However, the Benchmark is not used to define the portfolio composition of the Fund or as a performance target and the Fund may be wholly invested in securities which are not constituents of the Benchmark.

Please refer to the Prospectus of OneShare plc (the "Company") and Fund Supplement for more detailed information.

Unless otherwise defined in this document, all words and expressions defined in the Company's current Prospectus shall have the same meaning herein.
