Management is responsible for the preparation and presentation of this condensed interim financial information in accordance with IAS 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

### Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2015 condensed interim financial information is not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting'.

## Notes to the condensed interim financial statements

### 1 Legal status and principal activities

NBAD MENA Growth Fund (the “Fund”) is an open ended investment fund established in the United Arab Emirates (the “UAE”) by National Bank of Abu Dhabi PJSC (the “Fund Manager”) and is licensed by the Central Bank of the UAE approval reference number 13/281/2008 dated 3 January 2008. The Fund is not a separately incorporated entity and its activities are managed by the Fund Manager.

The Fund’s primary objective is to invest in a portfolio of Middle East and North Africa (“MENA”) equities and/or equity-related securities (such as convertible bonds, ADRs and GDRs), listed or traded on recognised exchanges worldwide or ‘over the counter’ arrangements and other related securities including third party collective investment schemes, with a view to achieving capital growth.

The prospectus and term sheet were revised on 30 November 2014. These revisions are approved by the Central Bank of UAE. The revised prospectus and term sheet are available upon request from the Fund Manager’s registered office at P.O. Box 4, Abu Dhabi, United Arab Emirates.

The Fund was formerly known as NBAD GCC Opportunities Fund. The name change was effective from 15 May 2014.

### 2 Basis of preparation

#### (a) *Statement of compliance*

These condensed interim financial statements have been prepared in accordance with the International Financial Reporting Standard (IFRS) IAS 34 *Interim Financial Reporting*. Selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in financial position and performance of the Fund since the last annual financial statements as at and for the year ended 31 December 2014. They do not include all of the information required for full annual financial statements and should be read in conjunction with the annual financial statements of fund as at and for the year ended 31 December 2014, which have been prepared in accordance with IFRS.

These condensed interim financial statements were approved on behalf of the Fund Manager on 01 NOV 2015.

#### (b) *Estimates*

The preparation of condensed interim financial statements requires the Fund Manager to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

In preparing these condensed interim financial statements, the significant judgments made by the Fund Manager in applying the Fund’s accounting policies and the key sources of estimation uncertainty were the same as those applied to financial statements as at and for the year ended 31 December 2014.

The adoption of the new and amended standards and interpretations have been reflected in these condensed interim financial statements as appropriate in terms of disclosures but do not have an impact on the financial position or performance of the Fund during the period.

A number of new standards, amendments to standards and interpretations have been issued but are not effective for the current accounting period commencing 1 January 2015, and have therefore not been early adopted by the Fund in the preparation of these condensed interim financial statements. ### 6 Financial risk management

The Fund's financial risk management objectives and policies are consistent with those disclosed in the financial statements as at and for the year ended 31 December 2014.

### 7 Fair value hierarchy of financial assets and liabilities

All financial assets and liabilities are measured at amortized cost except for investments at fair value through profit or loss which are measured at fair value either by reference to published price quotations in an active market or by using some valuation technique

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal, or in its absence, the most advantageous market to which the Fund has access at that date. The fair value of a liability reflects its non-performance risk.

The Fund measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Quoted market price (unadjusted) in an active market for an identical instrument.

# NBAD MENA Growth Fund

## Notes to the condensed interim financial statements

### 7 Fair value hierarchy of financial assets and liabilities *(continued)*

Level 2: Valuation techniques based on observable inputs, either directly (i.e. as prices) or indirectly (i.e. derived from prices). This category includes instruments valued using: quoted market prices in active markets for similar instruments; quoted prices for identical or similar instruments in markets that are considered less than active; or

other valuation techniques for which all significant inputs are directly or indirectly observable from market data.

Level 3: Valuation techniques using significant unobservable inputs. This category includes all instruments where the valuation technique includes inputs not based on observable data and the unobservable inputs have a significant effect on the instrument's valuation. This category includes instruments that are valued based on quoted prices for similar instruments where significant unobservable adjustments or assumptions are required to reflect differences between the instruments.

All of the Fund's investments in quoted equity securities are held at fair value at the end of the reporting period and as at 31 December 2015, and are categorised under level 1 of the fair value hierarchy.

Certain comparative figures have been reclassified, where necessary, to conform to the presentation and accounting policies adopted in these condensed interim financial statements.
